

533904 & 612517

Due to the continuing delays in the production and delivery of the 777-9, Lufthansa informed us that we will only be allowed to produce the models when the delivery of the original has moved closer.

We therefore have to postpone production of these models for a currently undetermined time. Pre-orders for both models will therefore be cancelled.

We will re-announce both models As soon as Lufthansa gives us permission to re-start production.
