

Intermodellbau in Dortmund!

The world's largest trade fair for model making and model sports!

Over land, water, in the air or on rail - once again, **from April 18 to 21**, that's what Intermodellbau in Dortmund is all about.

We love adding to the vibe in the Westphalian metropolis year after year, specifically in **Hall 4 at Stand 4.E14**.

Our **Product Manager of Cars & Trucks, Stefan Blank**, will be there on **Saturday and Sunday**, and will be happy to answer any questions in addition to holding a presentation. You can listen to the presentation "From the idea to the miniature model" in Hall 4 at Stand 4.C40 (Saturday at 2:45pm and Sunday at 11:45am).

Naturally, we will have some **exclusive limited-edition trade fair models** with us once again. These will have a trade fair price, and can **only be purchased at our stand**.

- > **956857** "Wiemann" Mercedes-Benz Actros L Bigspace flatbed semi-trailer (for 45,00 Euro)
- > **956864** "Bloedorn" Mercedes-Benz Actros L Bigspace flatbed semi-trailer (for 45,00 Euro)
