

LOT E170 (530583)

LOT E195 (530576)

These two items will be cancelled for now and all pre-orders will be deleted.

After three years, the delay also caused by the Covid-19 Pandemic, we have now finalized a new contract with LOT.

As material and production costs have risen considerably since we announced both models back in 2017, and we also for the future need to include royalty fees, the two Embraer models will be again presented through our new releases.
