537490 Lufthansa Airbus A321neo "600th Airbus"

Please note that we unfortunately have a typo on the box of the just-released Lufthansa A321neo, item no. 537490. We by mistake printed D-AISQ as the registration on the box, whereas it should read D-AIEQ. The registration on the model itself is correct.

ITA Airways Modelle

Due to ongoing (re)negotiations, we have been asked by the airline to temporarily postpone the sale of further models until these negotiations have been concluded. As soon as we have any update, we will let you know via our newsletter.
